

Family Force Protection Initiative

- **Protective masks for non-combatants/dependents:**

- ICAPS (Infant Chemical Agent Protective System) 0-10 years of Age
- Joint Service Chemical Environment Survivability Mask (JSCESM)
Adults/older children 11 years and up = M52

- **Training Opportunity :**

- NEO Wardens' are responsible for ensuring all authorized personnel are trained on each piece of protective equipment, providing hands on training, training documents, and aids.

- **Sponsor responsibility:**

- Sign for protective equipment at CIF/Provide Training to dependents
- Ensure NEO Packet submitted and Pet Registered with Vet

- **Available for:**

- Command Sponsored/ Non-Command Sponsored military dependents
- U.S. DoD civilians/dependents

ALL Command Sponsored Families must complete a NEO Packet NLT 30 days after arrival. Details about the NEO Packet are available at:

<http://www.2id.korea.army.mil/soldiers>

- **Steps to acquire FFPE:**

- 1-Sponsor Submits Request to Unit (See sample Memorandum
- 2-Sponsor Picks-up FFPE from CIF
- 3-Family Stores FFPE until needed
- 4-NEO Warden provides periodic training on the use and wear of FFPE
- 5-Sponsor Turns FFPE in with CIF Issue at DEROS.

FFPE

ICAPS

M52 JSCESM

ICAPS Mask comes in a sealed box. The box can be opened and the contents can be used for training. The only portion that must remain sealed is the canister. Do not remove or tamper with the canister.

DO NOT OPEN the M52 Mask- it cannot be utilized for training purposes. See Unit NEO Warden for training.
